

## Polymax Protek

This is our most cost-efficient and widely used grade of rubber sheet.  
If your application encounters ambient temperatures and no contact  
with oils or chemicals.

Colour	Black
Compound	NR/SBR
Hardness	[Degrees Shore A] 70° ± 5°
Tensile Strength [Mpa]	4.0
Elongation at break	250%
Minimum Temperature	-10°C
Maximum temperature	+70°C
Abrasion resistance [mm3]	400 (DIN53516)
