

High Visibility Dock Bumper 3 Fixings 750L x 250W x 115H

Product SKU: 6009401

High visibility design with a durable and low coefficient of friction polyurethane front plate. Available with 2 or 3 bolt holes.

These high visibility dock bumpers help drivers line up their vehicles with the dock. They are made from a high molecular weight polyurethane material which is very durable and has a low coefficient of friction. Both the front and back plate can be easily replaced in case they become worn.
