

Rectangular Buffer 360L x 100W x 115H

Product SKU: 6007202

Our collection of rectangular shaped rubber buffers for use on lorries, vans, ramps, loading bays and doors.

These rubber buffers are made from a hardwearing blend of SBR/NR rubber and are available in various sizes. These rectangular buffers can be used in a range of applications such as on boats, lorries and docking bays. The rubber buffers protect against harsh impacts, they can be bolted directly to the desired surface using the pre-drilled counter sunk holes.

Colour: Black

Material: NR/SBR

Operating temperature range: -15°C to 70°C

Physical Property	Unit	Typical Values
Hardness	ShA	75
Elongation at Break	%	200
Tensile Strength	MPa	4
Weight	KG	3.76
